We are writing to let you know that the Secretary of State for Housing has rejected our planning application to regenerate the Sutton Estate. We are disappointed as our proposal would have provided all current social housing residents with a new home, as well as an additional 67 homes for social rent in the Royal Borough of Kensington & Chelsea (RBKC).

We now need to take time to consider our position and what implications this decision has for the future of the Sutton Estate.

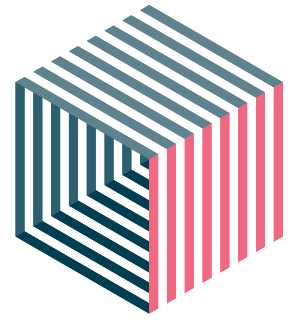

Nothing will change in the short term, but we know many of you will have questions about what happens next. We will be back in touch in the new year.

We hope you have a lovely Christmas.
